## SPIDERWEB DIP & SKELETON PLATTER

### SPIDERWEB DIP

#### INGREDIENTS:

1 can refried black beans  
1 pack taco seasoning  
1/2 cup salsa  
1/2 cup shredded lettuce  
Sliced olives  
1/2 cup shredded cheese  
1 Roma tomato, diced  
1/2 cup guacamole  
2-3 tbsp sour cream

#### METHOD:

In a large bowl, add refried black beans and taco seasoning and mix well to combine.  
In a baking dish or serving platter, layer beans, salsa, lettuce, olives, cheese, and diced tomato. Cover with guacamole, spreading it into a smooth layer.  
Add sour cream on top, using a squeeze bottle to draw a spider web shape. Garnish the edge of the dish with more diced tomatoes, olives, and cheese, then serve with your favourite dippers.
